# **People view - Educational Groups (Trainers)**

## **User Journey, Field Validation & Scenarios**

### **Adding an Educational Group**

The process for adding an Educational Group begins in the People (L1) of the Primary navigation

### **Assigning/De-assigning a person to a Educational Group**

This process will be completed from a Person Record at the L3 dropdown under 'Educational group'

## Admin View - Creating/editing Educational Group user journey based in 200px grid.

The list in the Mega Menu for People is what we currently have in there. However this may well change, and groups need to be determined with L2 headers. So this is just an example of how Educational Groups sits under 'People'
